Luke Seeks Election

Glade Luke, a lifetime resident of Heber Valley is seeking election, as he is running for the Justice of the Peace. Glade was born and raised in the Heber Valley. He worked for the Singer Company in Salt Lake and was transferred to New York for a short time. He then returned and became manager of Forsey's Variety for ten years after which he purchased the store and it was later known as Glade's Variety. He is now employed as a custodian for the LDS Church.

Glade has been an active supporter of many activities

throughout the community and has helped to support things for high school students and others in the community. He has served as a Ward Clerk for four different Bishops in the LDS Church and has been actively engaged in work there. He is presently serving as High Council Man in the Heber East Stake.

Glade resides in Daniels with his wife, Darlene, and six children. He will be actively engaged in campaigning for this office and would like your support.

Allen Rushton is office manager for H&R Block in Heber Valley. Rushton says that the tax business is getting easier, with the new office in town.

H&R Block Opens Office in Heber Valley

31 Jan 1985

HEBER CITY—H&R Block has found that there are a number of Heber Valley residents travel to Utah Valley to have their taxes evaluated, and for the convenience of valley residents, they have opened an office here in Heber City.

Allen Rushton, Office Manager, said that the H&R Block group opened the office to provide the residents of the

valley with quality tax preparations.

"H&R Block's policy is that we do taxes for everyone," said Rushton. "Sometimes we'll need a specialist, and we'll refer the client's case to another office."

The new office is located in the bottom of the Century 21 building, located north of Heber City. The office hours are from 10-5, and the office is opened Monday thru Saturday.

Original Research In Medicine and Chemistry

Dear Doctor:

Enclosed is the last in the series of three booklets recently sent to you which highlight some important benefits of Dalmane® (flurazepam HCl/Roche) CIV. The first two dealt, respectively, with rapid sleep onset and refreshed awakening after a restful night. Effectiveness for at least 28 consecutive nights of therapy is the third point, as depicted in the enclosure.

However, there remains yet another significant consideration, which is at least as important as any of the others: The efficacy of Dalmane has been consistently demonstrated in clinical practice for 14 years by thousands of physicians prescribing it for millions of patients. Over the years, more than 200 published studies have substantiated this record of efficacy.

Do these objective findings coincide with your own clinical experience with Dalmane? In treating patients with insomnia, Dalmane stands apart from all other sleep medications. Its record for safety speaks for itself, but you should know that Dalmane is contraindicated in pregnancy and in patients hypersensitive to flurazepam. Complete product information is contained in the enclosed brochure.

Sincerely,

Hazle J. Shorter, M.D.
Assistant Director
Professional Services

HJS/kdf

P.S. Good mornings are often the result of good nights. And Dalmane helps provide them both.

Let's Get Acquainted

by Ruby M. Compton

Donald Charles Haury was born Feb. 2, 1958, in Evansville, Indiana, near the Ohio River in the Southwestern part of the state, and not far from the Wabash River. Across the Ohio lies Kentucky. Don was the third of four children born to Charles Fredrick and Maxine Louise Grenumelo Haury. Don's father was a pressman for the Evansville Courier and Press, and his mother, Maxine, still is a

licensed practical nurse.

All of Don's schooling was in Evansville. He graduated from high school in 1976. While in high school, he was a National Honor Society member. His main interests were art and geographic arts. He has made use of these skills in the work he has done. He does his own silkscreening and designs. He has t-shirts on exhibit in his shop.

After graduation, Don decided he wanted to learn all he could about boats and to eventually sail around the world, but he couldn't find work there and came home.

His brother, Terry, was working on the oil rigs in Wyoming and he wrote Don that the work was profitable and he

Don's wife, Teresa Jensen Haury, was born on June 8, 1957 in Albuquerque, New Mexico, the third of three girls born to Howard Neil and Marva Wooley Jensen. Her father was a geologist, basically working in Utah and New Mexico areas as Senior Geologist for Continental C. Her mother is basically a cosmetologist now living in South California.

When Teresa was sixteen, she left Albuquerque and went to California to live with her mother. She graduated from Silverado High School in El Toro, California, in 1975. She worked at various jobs until she and her mother went to visit her sister who lived in Thermopolis.

secretary for Ron Burns and she has stayed on in that position for the Haury's.

While I was interviewing the Haury's, there was quite a steady flow of customers and I liked the easy, business-like way the conversation was exchanged. I had the feeling that this energetic, friendly couple would succeed.

Both Don and Teresa expressed their liking of the people and the beauty of this area and hope to be able to live here.

We wish them well in their business and friendships.

The Don Haury family
